

TREE FOR A COT: ninetonnine's new initiative to plant a tree for every cot they sell!

ninetonnine, the furniture and design company for babies and children, is proud to announce its new initiative: **A TREE FOR A COT**.

Looking after the environment is rightly at the forefront of everybody's minds nowadays, and particularly so, when it comes to their children. ninetonnine are firm believers in the conservation of our environment – the wood we use is from sustainable sources, and we use only non-toxic lacquers and paints.

But we want to go even further. So we've partnered up with treenation.com, to create our **TREE FOR A COT** initiative: for every cot or changing table bought, ninetonnine will plant a tree in the name of the child for whom it was bought. Our clients will be able monitor the tree's growth - as they will their own child's - directly via treenation.com, and it can become their child's own special tree for life.

So, from the very moment they step foot in it, our children will be helping to create a better world...

About ninetonnine

We believe that the smallest members of the family should grow up surrounded by good, contemporary and high-quality design. Thus, our philosophy is that all our products should be original, beautiful, versatile and long-lasting, fun, safe and practical.

We offer a line of handmade, highest-quality wood furniture made in Spain to British & European standards, coupled by a growing range of unusual and creative accessories, as well as a fully integrated architecture & design service for children.

For more information or queries, please contact us on +34 660 796 222, or by email info@ninetonnine.es.
